Bhavan's Faith

Let me once again set forth the Bhavan's faith for the benefit of new students and members, for it is necessary that they should understand it clearly and imbibe its spirit.

The Bhavan stands for the reintegration of Indian culture. In a world falling to pieces under the impact of a moral technological avalanche, it tries to hold fast to the fundamental values for which our culture stands - **RITA, SATYA, YAGNA** and **TAPAS**:

FAITH in God, who in-forms the Cosmic Order;

TRUTH which is accord between mind, word and deed;

DEDICATION which offers all moments of life as an offering to God;

SUBLIMATION which purifies the body and mind and transmutes instincts, passions and emotions into things of beauty.

This, regardless of forms and doctrines is Dharma, the three-fold aspects of which are **SATYAM, SHIVAM, SUNDARAM** - Truth, Love and Beauty.

For these values our forefathers lived and died. So did Sri Ramakrishna Paramahansa, Swami Dayananda, Swami Vivekananda, Gandhiji and Sri Aurobindo, among the moderns.

These values are embedded in our national outlook;

We command the respect of the world because of them.

We can look forward to the future with confidence only because they have the vitality which gives the power to vindicate their validity even in this fear and avarice ridden age of ours.

We, the Bhavan's family, whether it is the smaller one or the larger one, must take every effort in restoring an awareness of these values in personal and collective life.

Euphoric Learning Experience..... A humble beginning.

The school building came up in two phases with the foundation stone laid by Dr. (Smt.) D. Purandareswari, the then Union Minister for Human Resource Development and the inauguration of the Primary Block (Block-A) by Shri Anil R.Dave, the then Chief Justice of High Court of Andhra Pradesh on 4th July, 2009. The second phase came in the form of the Secondary block (Block-B), which was inaugurated on 16th April, 2011 by His Excellency Shri ESL Narasimhan, Joint Governor of Telangana and Andhra Pradesh. Initially the school was started from Pre-primary to class-V and over its span of 9 years, it has grown to the level of Pre-primary to class-X with the pupil's strength of around 2000, and with over 80 teaching and non-teaching staff. However, the school is expanding both in terms of student and teaching fraternity year after year.

Bhavan's Faith
is Bhavan's Strength
(SATYAM, SHIVAM, SUNDARAM)

Kulapati K M Munshi

As a young man, Kanhaiyalal Maneklal Munshi was imbued with a sense of India's greatness. Not yet out of his teens, he learnt from his mother's songs and stories about the sages and seers of India's past.

Like most others of his generation and class, Munshi took to the study of law and rose to the pinnacle of his profession even in the era of legal giants. It was but natural that law led to politics and politics to the service of the country's heritage. The call of Mahatma Gandhi for sacrifice led to Munshi bidding goodbye to his lucrative practice and prepared to risk his all in the fight against injustice to his country.

He regarded India's independence in 1947 as an opportunity for an ascent once again. He believed that the people of India had the gift of idealism and realism in them to climb up into a new millennium. Munshi showed that a man with pride in the past could also have faith in the future through the instruments of science and technology. Today when the world is so conscious of the environment and of ecological factors, it is edifying to note that as much as half a century ago, Munshi's Vanamahotsava scheme heralded the impulse for preserving ecology. Munshi's vision was as deep as it was vast.

Munshi was keen to set in motion ongoing constructive measures to foster and strengthen the creative, cultural and educational foundations of the Indian Nation with the active participation of the citizens from all castes, communities and regions through broad based selfless, voluntary, totally apolitical organization supported by the goodwill and co-operation of the government. Therefore, Munshi conceived of Bharatiya Vidya Bhavan in 1937, a decade before the advent of Independence.

Towards this end, Munshi, with the blessings of Mahatma Gandhi and active support and co-operation of several eminent leaders founded the Bharatiya Vidya Bhavan as a national organization, nay, movement, with an international outlook. This was in 1938.

The Bharatiya Vidya Bhavan was officially registered on November 7, 1938.

Our Enviably Amenities

THE ACADEMIC PLATTER KINDERGARTEN

Experience, knowledge, curiosity, and sense of wonder are foundations for children's learning; we strive to develop the potential of each child. We respect and value differences in children, building upon individual differences rather than stressing conformity. We allow for the fact that each child's learning occurs in different areas, at different times, and in different ways.

Teachers and parents are valued partners in each child's education. We consult and collaborate to create a climate of respect, success and joy.

ACADEMIC YEAR - APRIL TO MARCH

Morning Assembly

The school begins its day with the morning assembly, which presents a picture of solemnity and discipline. Led by the prayer choir, the students sing devotional songs, the Bhavan's prayer every day and the Sarvadharm prayer on every Monday and Friday. Recitations, General quizzing, interesting science related activities, moral stories, celebrations of national and religious festivals and sloka recitation are an integral part of the assembly everyday.

Meditation

After the sloka recitation, the students meditate for five minutes every day.

Bhavan's Anthem

To imbibe the spirit of Bhavan's faith and to foster the fundamental values of our culture such as Rita, Satya, Yagna and Tapas the students of our school sing Bhavan's Anthem at the end of Morning Assembly on every Monday and Friday.

Sports & Games

Apart from academics the school lays special emphasis on various games and co-curricular activities. Students are encouraged, guided and assisted towards active participation in games. Some of our popular games are Athletics, Badminton, Basket Ball, Cricket, Foot Ball, Gymnastics, Kabbadi, Table Tennis, Tenicoit, Karate, Taekwondo and Kho-Kho.

HOMAGE
Santhanagopalji, A Multifaceted Personality
 S. Gopalakrishnan*

I was a great shock to me when I received the sad news on January 23rd morning that my beloved friend, a Director in Bharatiya Vidya Bhavan's Head Office was no more. I was unable to get reconciled to this. Santhanamji was not merely a Director in Bhavan so far as I was concerned. He was a friend, philosopher and guide to me throughout my association with Bhavan. I did not hesitate to contact him from time to time, whenever I passed through moments of sadness or happiness. In an institution like Bhavan, with multi-dimensional programmes, a multifaceted personality like Santhanamji was a God's gift. As I had expressed in a condolence meeting on the same day, he is one of the rarest of rare human beings and one with qualities, excellent individually but rare in their combination. As a famous historian mentioned in his history of India at late hours in the evening and even in the early hours of the morning. He was always pleasant and cheerful. He showed keen interest in listening to me and never hesitated to share his views on any subject irrespective of his involvement with other work. He had lot of patience to go through my long letters on various issues concerning Bhavan. His attitude of openness, readiness and willingness to care and share were admirable. His last visit to Hyderabad was on March 23, 2015. He was kind enough to visit Bhavan's Atmakuri Rama Rao School and Bhavan's Public School (Vidyashram), Jubilee Hills. He addressed the teachers and students explaining the vision of Bhavan's Founder Shri K.M. Munshi and the essential Indian values and culture upheld by Munshi and the Bhavan. Very recently, Santhanamji enquired with me about the climatic conditions in Telangana, as he had planned to visit some places here. I advised him not to risk a journey to Hyderabad as the existing climatic conditions could affect him adversely. Though he is no more, his
